**APPROVE Acting First
Deputy General Director**

Signature. I. V. Saliy

2014

Annex to the license agreement No. 13-14/14

Licensee: Moebius Group, LLC 08662, Kyiv region, Vasilkovsky district, p.g.t. Grebinki, 8 Industrialna Str.

Certified products and the requirements for it The License Agreement applies to the products listed in the

Table 1. **Table 1**

Manufacturer	Requirements:	Products:
Moebius Group, LLC 08662, Kyiv region, Vasilkovsky district, p.g.t. Grebinki 8 Industrialna Str.	ToR U 20.1-00190443-118:2014 "Carbon Adsorbent. Technical requirements". (para. 3.3, Table 1)	carbon adsorbent

2. Program for technical supervision of certified products No. 13-14/14 as of August 15, 2014

Technical supervision for the products referred to in the Table 1 shall contain the procedures specified in Table 2, which shall be conducted with a certain periodicity.

Table 2

Technical supervision procedure	Periodicity	TS nearest term	Performer
Control inspection for manufacturing	1 per 6 months	January-February 2015	STC 14 SE "Ukrmetrteststandard"
Control tests	1 per year	July 2015	STC 14 IC "HarTsis", SE "UKHIN"

Selection and identification of samples for control tests shall be carried out during manufacture inspection or control of any of bulk products or from a commercial network. Models for control tests shall be determined in the decision to carry out technical supervision.

Program for control tests and the number of samples required shall be determined on the basis of information obtained during the compliance certificates and specified in the decision to carry out technical supervision.

Notes:

- Ukrmetrteststandard can change the timing of TS, which will be notified to the Licensee.*
- If during the validity period of the certificate, Ukrmetrteststandard receives information about essential non-compliance of the certified products with the requirements against which it was certified, and which resulted in personal injury, property damage, fire, etc., then there shall be an unscheduled TS, which may include carrying out control tests and control inspections.*
- If there are agreements on mutual recognition of certification there shall be applied the agreed time and technical supervision procedures, adopted by the certification body in the country of the manufacturer.*
